

request, in writing, that the chief operating officer or other appropriate person of the former employing railroad provide a copy of that railroad's available information concerning his or her service record to the railroad that is considering such certification or recertification.

§ 240.115 Criteria for consideration of prior safety conduct as a motor vehicle operator.

(a) Each railroad's program shall include criteria and procedures for implementing this section.

(b) When evaluating a person's motor vehicle driving record, a railroad shall not consider information concerning motor vehicle driving incidents that occurred more than 36 months before the month in which the railroad is making its certification decision and shall only consider information concerning the following types of motor vehicle incidents:

(1) A conviction for, or completed state action to cancel, revoke, suspend, or deny a motor vehicle drivers license for, operating a motor vehicle while under the influence of or impaired by alcohol or a controlled substance;

(2) A conviction for, or completed state action to cancel, revoke, suspend, or deny a motor vehicle driver's license for, refusal to undergo such testing as is required by State law when a law enforcement official seeks to determine whether a person is operating a vehicle while under the influence of alcohol or a controlled substance.

(c) If such an incident is identified,

(1) The railroad shall provide the data to the railroad's EAP Counselor, together with any information concerning the person's railroad service record, and shall refer the person for evaluation to determine if the person has an active substance abuse disorder;

(2) The person shall cooperate in the evaluation and shall provide any requested records of prior counseling or treatment for review exclusively by the EAP Counselor in the context of such evaluation; and

(3) If the person is evaluated as not currently affected by an active substance abuse disorder, the subject data shall not be considered further with respect to certification. However, the

railroad shall, on recommendation of the EAP Counselor, condition certification upon participation in any needed aftercare and/or follow-up testing for alcohol or drugs deemed necessary by the EAP Counselor consistent with the technical standards specified in § 240.119(d)(3) of this part.

(4) If the person is evaluated as currently affected by an active substance abuse disorder, the person shall not be currently certified and the provisions of § 240.119(b) will apply.

§ 240.117 Criteria for consideration of operating rules compliance data.

(a) Each railroad's program shall include criteria and procedures for implementing this section.

(b) A person who has demonstrated a failure to comply, as described in paragraph (e) of this section, with railroad rules and practices for the safe operation of trains shall not be currently certified as a locomotive engineer.

(c) A certified engineer who has demonstrated a failure to comply, as described in paragraph (e) of this section, with railroad rules and practices for the safe operation of trains shall have certification revoked.

(d) *Limitations on consideration of prior operating rule compliance data.* Except as provided for in paragraph (i) of this section, in determining whether a person may be or remain certified as a locomotive engineer, a railroad shall consider as operating rule compliance data only conduct described in paragraph (e) of this section that occurred within a period of 60 consecutive months prior to the determination. A review of an existing certification shall be initiated promptly upon the occurrence and documentation of any conduct described in this paragraph.

(e) A railroad shall consider violations of its operating rules and practices that involve:

(1) Failure to control a locomotive or train in accordance with a signal indication that requires a complete stop before passing it;

(2) Failure to adhere to limitations concerning train speed when the speed at which the train was operated exceeds the maximum authorized limit by at least 10 miles per hour or by

more than one half of the authorized speed, whichever is less;

(3) Failure to adhere to procedures for the safe use of train or engine brakes when the procedures are required for compliance with the transfer, initial, or intermediate terminal test provisions of 49 CFR part 232 (see 49 CFR 232.12 and 232.13);

(4) Occupying main track without proper authority;

(5) Failure to comply with prohibitions against tampering with locomotive mounted safety devices; and

(6) Incidents of noncompliance with §219.101 of this chapter; however such incidents shall be considered as a violation only for the purposes of paragraphs (g)(2) and (3) of this section.

(f) If in any single incident the person's conduct contravened more than one operating rule or practice, that event shall be treated as a single violation for the purposes of this section.

(g) A period of ineligibility described in this paragraph shall:

(1) Begin, for a person not currently certified, on the date of the railroad's written determination that the most recent incident has occurred; or

(2) Begin, for a person currently certified, on the date of the railroad's notification to the person that recertification has been denied or certification has been revoked; and

(3) Be determined according to the following standards:

(i) In the case of a single incident involving violation of one or more of the operating rules or practices described in paragraphs (e)(1) through (e)(5) of this section, the person shall be ineligible to hold a certificate for a period of one month.

(ii) In the case of two separate incidents involving violations of one or more of the operating rules or practices described in paragraph (e) of this section that occurred within 36 months of each other, the person shall be ineligible to hold a certificate for a period of one year.

(iii) In the case of more than two such violations in any consecutive 60 month interval, the person shall be ineligible to hold a certificate for a period of five years.

(iv) Where, based on the occurrence of violations described in subparagraph

(e)(6) of this section, different periods of ineligibility may result under the provisions of this section and §240.119, the longer period of ineligibility shall control.

(h) *Future eligibility to hold certificate.* Only a person whose certification has been denied or revoked for a period of one year in accordance with the provisions of paragraph (g)(2) of this section for reasons other than noncompliance with §219.101 of this Chapter shall be eligible for grant or reinstatement of the certificate prior to the expiration of the initial period of ineligibility. Such a person shall not be eligible for grant or reinstatement unless and until—

(1) The person has been evaluated by a designated supervisor of locomotive engineers and determined to have received adequate remedial training;

(2) The person has successfully completed any mandatory program of training or retraining, if that was determined to be necessary by the railroad prior to return to service; and

(3) At least one half the pertinent period of ineligibility specified in paragraph (g)(2) of this section has elapsed.

(i) In no event shall incidents that meet the criteria of paragraphs (i)(1) through (4) of this section be considered as prior incidents for the purposes of paragraph (g)(3) of this section even though such incidents could have been or were validly determined to be violations at the time they occurred. Incidents that shall not be considered under paragraph (g)(3) of this section are those that:

(1) Occurred prior to (effective date of this amendment);

(2) Involved violations of one or more of the following operating rules or practices:

(i) Failure to control a locomotive or train in accordance with a signal indication;

(ii) Failure to adhere to limitations concerning train speed;

(iii) Failure to adhere to procedures for the safe use of train or engine brakes; or

(iv) Entering track segment without proper authority;

(3) Were or could have been found to be violations under this section as it read prior to May 10, 1993; and

(4) Would not be a violation of paragraph (e) of this section as amended.

§ 240.119 Criteria for consideration of data on substance abuse disorders and alcohol drug rules compliance.

(a) Each railroad's program shall include criteria and procedures for implementing this section.

(b) *Fitness requirement.* (1) A person who has an active substance abuse disorder shall not be currently certified as a locomotive engineer.

(2) Except as provided in paragraph (e) of this section, a certified engineer who is determined to have an active substance abuse disorder shall be suspended from certification. Consistent with other provisions of this part, certification may be reinstated as provided in paragraph (d) of this section.

(3) In the case of a current employee of the railroad evaluated as having an active substance abuse disorder (including a person identified under the procedures of § 240.115), the employee may, if otherwise eligible, voluntarily self-refer for substance abuse counseling or treatment under the policy required by § 219.403 of this chapter; and the railroad shall then treat the substance abuse evaluation as confidential except with respect to current ineligibility for certification.

(c) *Prior alcohol/drug conduct; Federal rule compliance.* (1) In determining whether a person may be or remain certified as a locomotive engineer, a railroad shall consider conduct described in paragraph (c)(2) of this section that occurred within a period of 60 consecutive months prior to the review. A review of certification shall be initiated promptly upon the occurrence and documentation of any incident of conduct described in this paragraph.

(2) A railroad shall consider any violation of § 219.101 or § 219.102 of this chapter and any refusal or failure to provide a breath or body fluid sample for testing under the requirements of part 219 of this chapter when instructed to do so by a railroad representative.

(3) A period of ineligibility described in this paragraph shall:

(i) Begin, for a person not currently certified, on the date of the railroad's written determination that the most recent incident has occurred; or

(ii) Begin, for a person currently certified, on the date of the railroad's notification to the person that recertification has been denied or certification has been revoked; and

(4) The period of ineligibility described in this paragraph shall be determined in accordance with the following standards:

(i) In the case of a single violation of § 219.102 of this chapter, the person shall be ineligible to hold a certificate during evaluation and any required primary treatment as described in paragraph (d) of this section. In the case of two violations of § 219.102, the person shall be ineligible to hold a certificate for a period of two years. In the case of more than two such violations, the person shall be ineligible to hold a certificate for a period of five years.

(ii) In the case of one violation of § 219.102 of this chapter and one violation of § 219.101 of this chapter, the person shall be ineligible to hold a certificate for a period of three years.

(iii) In the case of one violation of § 219.101 of this chapter, the person shall be ineligible to hold a certificate for a period of 9 months (unless identification of the violation was through a qualifying "co-worker report" as described in § 219.405 of this chapter and the engineer waives investigation, in which case the certificate shall be deemed suspended during evaluation and any required primary treatment as described in paragraph (d)). In the case of two or more violations of § 219.101, the person shall be ineligible to hold a certificate for a period of five years.

(iv) In the case of a refusal or failure to provide a breath or body fluid sample for testing under the requirements of part 219 of this chapter when instructed to do so by a railroad representative, the refusal or failure shall be treated for purposes of ineligibility under this paragraph in the same manner as a violation of—

(A) § 219.102, in the case of a refusal or failure to provide a urine specimen for testing; or
